

Pre-Net:

The North Ottawa Amateur Radio Club net will begin in approximately 3 minutes.

This is <<Your_Call>>.

Net:

This is <<Your_Call>> opening the North Ottawa Amateur Radio Club Net on the W8SCO Repeaters.

This repeater is made available by the North Ottawa Amateur Radio Club.

This will be a directed net. Net control this evening is <<Your_Call>>, and my name is <<Your_Name>>. <<Break>>

<<optional>>This net is conducted weekly on Tuesdays at 8:00 pm. This net will accept check-ins from any amateur radio operator licensed to operate on this frequency. Tonight's net is open to all amateurs, and discussion may include any subject of interest to amateur radio operators. <<Break>>

We will now take a pause for any emergency traffic, please come now. <<Break>>

Any stations wishing to share upcoming radio events please come now. <<Break>>

<<Log and handle traffic>>

Hearing none, we will now begin taking check-ins. When checking in, please state your call-sign and your name, phonetically, and state your location.

Any low power or mobile stations, please call net control now.

<<Log and handle traffic for mobile or check-in stations.>>

We will now take check-ins from any station wanting to join the North Ottawa Amateur Radio Club Net. Please call Net Control now.

<<Log and handle traffic/discussion for all stations>>

<<Ask for any late check ins or comments>>

<<Net Closing Comments, thanks for checking in, etc.>>

This is <<Your_Call>> closing the net and returning the repeater to normal use.
